EDUCATION

2011

Secondary

Holy Cross of Davao College

2016

Bachelor of Science in Electronics and Communications Engineering

2019 - 2020

Technical Service Engineer - BISMAC

In my previous role, I was responsible for troubleshooting and repairing complex machinery and equipment. I also worked with customers to understand their needs and develop solutions that met their requirements..

2017 - 2019

Entrepreneur

I have experience as an entrepreneur, starting and operating a piso wifi machine business that generated 350,000 pesos in revenue in the first year. I also developed and launched an internet cafe from scratch, which now has 50 regular customers. I have managed all aspects of these businesses, including marketing, sales, and operations. I am a creative problem-solver with a willingness to take risks. I am confident that I can use my skills and experience to be successful in any role.

2015

OJT- Network Assistant Engineer

As a network assistant, I am responsible for installing and configuring network devices, troubleshooting network problems, and maintaining network security.
